

PARTNER WITH **A LEADER**

RELATIONSHIPS BUILT ON AVAILABILITY,
RELIABILITY AND TRUST

Hauling oversized and over dimensional material requires special consideration and accommodations. That's why we have created an extensive network of carriers who are experienced in shipping freight that require special permits, shipping equipment and even escort vehicles.

OVERSIZED TRANSPORT

**REINFORCED
LOGISTICS™**

PARTNER WITH A LEADER

BUILT FOR **EVERY TYPE** OF CARGO

Not all roads are created equal—from finding the best route for your freight restrictions, to state-to-state signage and lighting regulations, we've got you covered.

WE HAVE THE EQUIPMENT FOR YOUR HAULING NEEDS:

- Manufacturing equipment
- Construction materials
- Agricultural equipment
- Prefabricated homes
- Storage tanks
- Cranes and More!

PROFESSIONALS YOU CAN TRUST

We will determine a route for your shipment that is not only the quickest route possible, but also the safest, ensuring that your cargo gets to its designated destination timely and legally.

Our drivers are specialized and experienced hauling Oversized and Over Dimensional loads

Obtain all required state and county permits as per your route regulations.

Arrange escort vehicles as needed to move your freight in a safe and efficient manner

We've got your cargo transportation needs covered throughout the United States, Canada and Mexico.

There has never been a time like this. And there has never been a partner like Reinforced Logistics.

We Are **Relentless.**

We Are **Problem-Solvers.**

We Are **Different.**

We Are **Passionate.**

We Are **Up to the Challenge. And...**

**WE NEVER LOSE OUR
DRIVE TO DELIVER.**
